

ADECO® 4T MOTO POWER 20W50

Motor oil for four-stroke gasoline engines with air cooling

Product Description:

ADECO® 4T MOTO POWER 20W50 is a high-performance semi-synthetic oil intended for lubrication of four-stroke petrol engines, motorcycles and scooters.

It is especially recommended for motorcycles using high viscosity motor oil (Harley-Davidson, Buell)

Purpose:

ADECO® 4T MOTO POWER 20W50 is oil especially prepared for the lubrication of motorcycle lubrication systems where the engine, transmission and clutch are integrated providing superior performance. It is developed to provide unsurpassed wear protection, engine cleanliness and oxidative stability, as well as constant oil viscosity at different operating temperatures.

Advantages:

- high viscosity - reduces oil consumption and improves internal sealing of the engine
- excellent strength of lubricating film - reliable protection even for older engines
- optimal friction characteristics - proper torque transmission between clutch plates

Physical and Chemical Properties:

<i>Characteristic, Unit</i>	<i>Referential Values</i>	<i>Method</i>
Density at 15°C, g/cm ³	0,87 – 0,88	ASTM D 1298
Viscosity at 100°C, mm ² /s	17-19	ASTM D 445
Viscosity index	min120	ASTM D 2270
Flash Point, COC, °C	min 220	ASTM D 92
Pour Point, °C	max -25	ASTM D 97

Meet Specifications:

API SL, JASO MA2
